increase in costs of travel and conference expenses. Over 8 years, classified has required more than the allotment for those employees; COLA has also increased. Justified an increase of 8,000. **PDC** Can vote to increase 42k to 50k. George: does this include all 651 and 262 employees? Can 651 and 262 separate their funding pools? Lisa: That is a PDC question and look into the requests and decide to split the funding. Rosa: does not recommend splitting the two because it includes both groups AND confidential employees. Believes a FCFS approach is more equitable approach based on the total amounts. George: inquiring because 651 is not seeing the same support as 262. Rosa: complimented Lisa on the classified worksheet.

- Lisa: we can use other resources if they are used to address equity gaps towards other professional development activities for classified and 651. Pending the carryover estimate, we can increase the prior allotment for on campus professional dev. 262 and 651 can submit their top three types of requests and Lisa can see if they can be addressed within the means of their respective funding resources.

- Franklin Covey on June 28 – They can arrive at 8:00 am but not earlier.

- EID – No updates

**PDC Update(s)** – Mentioned above in Lisa’s notes

Training Resources – for your research and information

- Newleaf Training & Development – List of training subjects ([website](#))
- CareerWise – Request catalog of topics (attached)
- Aurora Training Advantage ([website](#)) – this provider has a fee-based membership to access all their online training topics/modules. This maybe something to explore as CPDC looks to maximizing the remaining CCCC funds.
