| 1. Approval of Minutes from November 20, 2019 | <p>Quorum was met at 3pm. There was some discussion prior to quorum about the AmLa placement implementation. Elizabeth mentioned that we need to make sure that students know there is a challenge process for placement into a higher-level English/AmLa course. Also, the note “The English Writing Placement Test will be available until June 30, 2020...” on the Test Information webpage should be removed. Lastly, it was suggested that we look for a Chancellor’s Office form (or perhaps Board of Governors form?) to submit a request to have the AWE approved as a multiple measure for credit ESL (AmLa) placement.</p> <p>Minutes from November 20, 2019 were reviewed.</p> | <p>David will make sure that AQ recommendations that have been approved by SP&S are sent to IT.</p> <p>Minutes from November 20, 2019 were approved with a minor clarification. There was 1 abstention.</p> |
| 2. Volunteer for taking minutes today? | | David volunteered to take minutes. |

| 3. Fall 2019 student/faculty survey results (Maria) | <p>Maria reviewed with the committee the results from a Fall 2019 AQ survey. Here were some of the items discussed:</p> <ul style="list-style-type: none"> • Maria recommended that we be clearer about what we mean by “with support” on the faculty part of the AQ survey. • Students generally felt like courses were the right level of difficulty. • It was noted that the percentage of students passing their exams was low (42.3%). | |
| 4. Review Research Action Plan (Maria) | <p>Maria shared a prioritized draft of the Research Action Plan. There was discussion about what "accurate placement" means post-AB 705.</p> <p>“Development of MM placement process for NNES students (review Student Success Inventory)” is high priority and needs to be completed, approved, and implemented by the end of Spring 2020.</p> <p>Elizabeth pointed out that there might be an issue with the descriptors for the AWE 1A+80 placement vs. AMLA 90 placement.</p> <p>Elizabeth mentioned that validation of the AWE is important. Student satisfactions surveys, success rates, etc. Maria suggested that the timeframe for the study needs to be clarified, due to the AWE rubric changing (June 2018, to place into 1A or 1A+80). A couple of months ago, the AWE rubric was changed to place into AMLA 70, 80, and 90.</p> <p>Elizabeth would like to add the question “Did students continue in the AmLa sequence?”</p> | |
