3. SEEC (Societal Education for Equity Challenge) Proposal (Scroggins)

Dr. Scroggins presented a proposal that he is sharing around campus in the hopes of having input on how to strengthen the concepts behind Societal Education for Equity Challenge.

We have common human characteristics that are affected by anti-blackness and recent events. It is a societal issue in which we have a role at Mt. SAC to educate the future leaders of our country. That role ought to be one that addresses this civil unrest, the societal rift, and the deficit of racial equality and justice. It takes more than exposure to these issues to change our attitudes. They need to translate into action, which is much more challenging. We must work together in supporting one another in common interest and in helping others have a voice; give our students a voice in what they believe in.

Please see the BoardDocs attachment for more specific details.

4. CCC Equity Leadership Alliance (USC eConference Series) (Scroggins)
