Before stepping down from the presidency, Dr. Hall shared some thoughts about the year 2010. During his term as president, Trustee Hall said the College has seen some outstanding accomplishments in both academics and athletics, while dealing with extremely difficult budget issues. He said he was very proud of the Mt. SAC family when it came together to reduce expenditures in excess of \$7 million during the 2009-10 year and maintain a 10% reserve.

While the State is years away from resolving its budget issues, Dr. Hall pointed out that Mt. SAC's Measure R and Measure RR projects continue to move forward. Through the Mt. SAC Foundation, the College presented students with scholarships in excess of \$334,000.

During 2010, the College hosted an accreditation visiting team, which produced excellent results, as well as initiated a new Building Automation Program. The Mt. SAC football team brought home another State/National title, and the Men's Soccer Team took the State Championship. These back-to-back athletic accomplishments are unprecedented. Events like the Mt. SAC Relays and the Cross Country Relays have become part of the College culture and draw thousands of visitors.

Trustee Hall said he was proud of how the Board selected a consultant for the presidential search process and looks forward to a successful conclusion. Dr. Hall said that he is very proud to represent the College in the community and is very proud of the mutual respect and collegiality that have become part of the culture of the College.

## 9. REPORTS

A. Jeremy Cooper, Associated Students Vice President of Activities, reported the following:

- Associated Students congratulated Anita Lopez for her 19 years of service to the students and wished her well in retirement. Mr. Cooper said Ms. Lopez has taken some vacation time prior to her official retirement, and the students really feel her absence.
- President Nixon was thanked for meeting with student government leaders to discuss the state of the College.
- The Student Holiday Celebration was a huge success with over 700 students and staff attending. Mr. Cooper thanked President Nixon and Vice Presidents Gregoryk and Yamagata-Noji for attending.
- Finals Frenzy was held the last week of the semester. During the week, Associated Students distributed free scantrons, pencils, coffee, food, and much more to support students through the stress of finals.

B. Eric Kaljumagi, Academic Senate President, reported the following:

- Since the last Board of Trustees meeting, the Senate approved the following: a plan to populate the College's DegreeWorks/MAP course equivalency database, revisions to two radio broadcasting certificates, and an inventory of questions to use as part of multiple measures process for student placement. The Senate also finalized its strategic objectives for the year and revised the manner by which courses will be given their mandatory quadrennial review.

The Senate also voted to recommend modifications to three College Administrative Procedures (4025, 4270, and 4280). In addition, the Senate approved an Administrative Procedure which explains and defines the process by which Administrative Procedures and Board Policies are proposed and reviewed.

- The Academic Senate has been informed that of the 25 faculty positions previously approved for recruitment, financial considerations may reduce the number of new faculty actually employed next year to 20. While recognizing the State of California's fiscal instability, the Senate is hopeful that more positions will be funded and encouraged the College to consider the State's Faculty Obligation Number as a "worst-case" minimal value.
- The Academic Senate is continuing the process of seeking coordinators for fall 2011. No one as yet has applied to become the Faculty Outcomes Coordinator, and the Senate will spend time this spring debating how to carry out faculty SLO work in the fall should no one step forward for this key position. The Senate is also seeking a new Teacher Preparation Institute Coordinator. All other positions have been filled.
- Each year, the State Board of Governors presents an Exemplary Program Award to two programs in the California Community College system. There are also four honorable mentions given. Mr. Kaljumagi announced that, for 2010-11, the Mt. SAC WIN program won an honorable mention as an "Innovative Program Supporting Student Success." The WIN program will be honored with a plaque at the January Board of Governors meeting.

C. Donna Lee, Classified Senate President, reported the following:

- The Classified and Academic Senates have formed a task force to collaborate on the possibility of having a combined Service Recognition Ceremony at the end of the academic year. Traditionally, the two groups have each organized their own awards ceremony. This year, it was suggested that the two groups explore the possibility of combining the two events. The combined ceremony would include awards for managers, faculty, and classified staff.
- The Classified Senate will be assisting with a campuswide "Supplies Drive Challenge" for the United Way. It will be a friendly on-campus competition in the spring semester to collect school supplies for kids.

D. Jennifer Galbraith, Faculty Association President, reported the following:

- The Faculty Association will begin contract negotiations with the District in the winter for a successor agreement. The Faculty Association's negotiating team consists of Jennifer Galbraith (lead), Linda Chan, Michelle Grimes-Hillman, Paul Sharpe, and Ralph Spaulding. The team has received a list of issues that were identified by the Executive Board for negotiations with input from the all-faculty survey.
- The Faculty Association will be hosting an Open House for anyone interested in learning about the Faculty Association and the rights of faculty. The Open House will be held Wednesday, March 16, from 9:00 a.m. to 6:00 p.m. in the Faculty Association Office. Executive Board members will be available throughout the day to answer questions.
- Over 290 faculty responded to the Faculty Association's survey about restricting smoking on campus. The results of the survey are currently being compiled by the Association's task force. The results, although still being tallied, appear to indicate that some type of restriction to smoking on campus is favored.

E. President Nixon's report included the following:

- Dr. Nixon congratulated Trustee Chen Haggerty on her appointment to President of the Board and thanked Trustee Hall for his leadership this past year.
- Dr. Nixon announced that the men's soccer team won the State Championship again this year, and that the football team won the State and National Championship for a second year in a row. Dr. Nixon noted that winning these championships for two consecutive years is unprecedented. The two teams have been invited to a reception prior to the February Board meeting to celebrate their accomplishment.
- Copies of the 2009-10 Annual Report to the Community were given to Board and audience members. Dr. Nixon commended Clarence Brown, Director of Marketing, for the very attractive and informative document.
- Professor Maya Alvarez-Galvan, who had previously addressed the Board regarding a new program on campus called MyBook@MtSAC, announced that 28 books had been nominated to be read by the campus community. The book selected (by the 120 people who voted) is *The Last Lecture*, by Professor Randy Pausch, a Carnegie Mellon computer science professor. Professor Alvarez-Galvan invited Board members to read the book and to participate in discussion groups.
- Dr. Nixon introduced Gema Ptasinski, from Vicenti, Lloyd & Stutzman, who provided a report to the Board on the 2009-10 fiscal year audit for the College, Financial Aid, and Auxiliary Services. The College again received a "clean/unqualified" audit, which is the best auditors can render. Ms. Ptasinski pointed out that there are no audit adjustments, which is a credit to the Fiscal Services staff, and the College is meeting its reserve requirements.

Dr. Nixon thanked the auditors for the good job they did and commended Associate Vice President, Fiscal Services Linda Baldwin, Fiscal Services Assistant Director Rosa Royce, and their staff for their outstanding work, resulting in such a good audit.

## 10. INFORMATIONAL REPORT

Board members were provided with a written update on Transfer, prepared by Heidi Lockhart, Director of Career & Transfer Services.

Mt. SAC continues to be a leader in the state in terms of numbers of transfers to state and local institutions. However, College transfer numbers have been greatly impacted by transfer capacity at other public institutions, particularly California State Universities, in the past 18 months. As capacity diminishes at the public four-year institutions due to budget cuts, so do Mt. SAC transfer numbers. In addition to the counseling services offered via the Counseling Department, Mt. SAC Career and Transfer Services provides transfer activities and events such as university representative appointments, university tours, transfer-related workshops, walk-in advising and application assistance, and classroom presentations to assist students in navigating the volatile transfer climate.

The Career and Transfer Center, which opened in fall 2007, with the remodel of the Student Services Center, has provided much needed space and services to inform students of transfer requirements. Student use of this facility has dramatically increased

from 5,387 duplicated student contacts in 2007-08 to 15,907 duplicated student contacts in 2009-10, a nearly 200% increase.

There was brief discussion regarding the transfer problems faced by students in 2009-10. Cal Poly Pomona and CSU Fullerton continue to be the top transfer destinations for Mt. SAC students. Director Lockhart cited recent initiatives taken by Transfer Services to improve transfer rates, including the launch of a listserv that now notifies nearly 8,000 students of transfer-related updates and deadlines as well as activities sponsored by the Career & Transfer Center. Class presentations on transfer admissions basics have doubled over the past three years, and the corresponding number of students reached has increased dramatically from 1,151 to 2,117 (84% increase) over the same period. A Facebook page has also been established to distribute transfer information and to engage students.

## **The Aid Success Project – Aid Like A Paycheck**

### **Overview:**

The Aid Success Project is a Bill and Melinda Gates Foundation funded initiative whose purpose is to explore how the communication, delivery, and design of financial aid can improve postsecondary outcomes for low income students. In partnership with MDRC (a nonprofit social policy research group) and in consultation with the Gates Foundation, The Institute for College Access & Success (TICAS) developed two pilot interventions designed to help low-income students persist and succeed in college by better utilizing financial aid. One of the pilots, Aid Like a Paycheck (ALAP) was designed to help students think about college much like a job by disbursing incremental grant payments in ways that may help students budget and manage their aid more effectively. A desired outcome of disbursing more frequently is that it will reduce the likelihood of students spending financial aid funds too quickly and dropping classes or cutting back on study time to work additional hours. Ultimately, the long term purpose of the Aid Success Project is to investigate whether the information sessions and financial aid disbursement mechanisms lead to improvements in academic progress and success. Mt. SAC was the only college selected to participate in the Aid Like a Paycheck pilot for the Fall 2010 semester.

### **Activities:**

A total of 609 students were invited; 104 attended the pilot project information sessions, and 80 students met the requirements to participate in the pilot. Criteria for participation included age ranging from 18-26, full-time enrollment at time of intake, minimum grant eligibility of \$3,200 annually and a minimum of 50 hours combined total work and school commitment per week.

Typically at colleges, students receive their financial aid disbursements in one or two lump sums during the semester. The students participating in the ALAP pilot received their grant aid for the fall semester in more regular intervals – twice a month. Students had the option of receiving their aid in the form of a check or as direct deposits. In addition to the students' financial aid, a supplemental payment of \$500, funded as part of the grant, was offered at the beginning of the term so students could purchase their books.

Although students were informed that they could opt out of the pilot at any time during the semester, 78 students remained in the pilot through the end of fall semester; two students withdrew within the first weeks of the pilot.

A second cohort of an additional 50 students will participate in the ALAP pilot beginning in the spring 2011 semester. Student data will be analyzed at the end of each semester.

Implementation and activities of the ALAP pilot project were a collaborative effort by the Bursar's Office, Fiscal Services, Information Technology, Research, and Financial Aid.

Funding to all students in all financial aid programs increased from 2007-08 through 2009-10 by nearly \$18 million dollars (83.7%).

- The Board of Governors Fee Waiver Program increased by more than \$3 million dollars (40%) as a result of an increase in the number of students applying and the increase in the per unit enrollment fee.
- The Pell Grant program accounted for the largest increase and exceeded the 2007-08 dollars disbursed by approximately 111%.

## Financial Aid Applications Processed

2007-08	2008-09	2009-10	3-year +/-	Percentage Change
17,608	22,290	28,430	10,822	61.5%

The percent of Federal Student Aid applications received and processed by Financial Aid has increased by 10,822 (61.5%) from 2007-08 through 2009-10.

- Students may begin applying for financial aid as early as January 1 for the subsequent academic year.
- Students may list up to 10 schools on their FAFSA; however, not all students who list Mt. SAC end up enrolling here for classes.

## Loan Default Rates

	2006	2007	2008
<b>Mt. SAC Loan Default Rates</b>	6.2%	7.8%	8.4%
<b>Number of Students in Repayment</b>	192	165	130
<b>Number of Students in Default</b>	12	13	11

- The default rate has steadily increased by 2% from 2006 to 2008 mainly because fewer students went into repayment.
- The default rate for Mt. SAC has remained below 10% since 1997.

**BOARD OF TRUSTEES  
MT. SAN ANTONIO COLLEGE**

**DATE:** January 26, 2011

**CONSENT**

**SUBJECT:** Economic Modeling Specialists Inc. (EMSI)

**BACKGROUND**

In previous years, Mt. San Antonio College has had a contract with the Economic Modeling Specialists Inc. (EMSI) to provide the College with web-based access to tools for economic impact and analyses. The purpose of the renewal contract with EMSI is to re-establish the contractual relationship for the provision of Analyst (formerly Strategic Advantage), a web-based tool including the Economic Impact, Educational Analyst, Economic Forecaster, and Career Pathways modules to Mt. San Antonio College and Center of Excellence for Mt. San Antonio College.

**ANALYSIS AND FISCAL IMPACT**

Renewal access to Analyst is provided with payment of \$6,000 for a one-year subscription (May 1, 2011 through February 28, 2012) and includes county-level and zip-level data for seven counties.

**Funding Source**

General Fund - \$3,000; Center of Excellence - \$3,000.

**RECOMMENDATION**

It is recommended that the Board of Trustees approves the renewal of the contract with EMSI.

**SUBJECT:** Contract with Harris Connect

**BACKGROUND**

The Mt. San Antonio College Foundation contracts with Harris Connect, the largest provider of data services and alumni development software. This payment request is the third contract year payment for services, in the amount of \$10,500.

**ANALYSIS AND FISCAL IMPACT**

Through this use of technology the Foundation has increased individual giving and is now reaching out to over 22,000 alumni with updated, current email and addresses using this technology. The Foundation experienced the largest individual giving month (excluding large bequests or real estate gifts) in December 2010, due in part to the use of this technology to communicate with donors and alumni. The potential for giving of these newly acquired alumni contacts using this technology is estimated to be four times the cost of the investment over the next two years.

**Funding Source**

General Fund.

**RECOMMENDATION**

It is recommended that the Board of Trustees approves payment for the third year contract for Harris Connect to provide online services for alumni and donor development and communication.

The number of sections offered in a given semester by a division or department is variable and part of the total College enrollment management process. Every effort is made to offer courses in a cost-effective manner through prudent enrollment management.

**SUBJECT:** Contract with City of Ontario Training Center

**BACKGROUND**

Mt. SAC's Fire Academy requires the use of the fire training center located in Ontario. The Academy has used this facility for several years and continues to need such a facility as the College currently does not have the needed special resources on campus. The training center provides space and structures for live burns, skills training in the use of ladders, hoses, breathing apparatus, and all other related fire fighting equipment. A full-time fire academy is conducted twice each year. Each academy provides students with 560 hours of skill-based training.

**ANALYSIS AND FISCAL IMPACT**

The term of the contract is 2½ years (January 1, 2011–June 30, 2013). Mt. SAC currently has an agreement in place with Ontario Training Center that expired on December 31, 2010. The Mt. Representatives from SP&S and Basic Skills as well as additional faculty, managers, staff, and students will be invited to attend. Up to 40 individuals may participate. In a climate of increasing statewide and national accountability, it is important for stakeholders at Mt. SAC to engage actively in an effort to understand the meanings of the term student success, identify local success priorities, and initiate a campus-wide strategy to ensure achievement of student success goals.

**ANALYSIS AND FISCAL IMPACT**

The event is to be held at the Kellogg West Conference Center at an approximate cost of \$41 for half-day participants and \$98 for two-day participants. The minimum cost of this event is \$1,390 (for 20 participants). It is estimated that 30-40 individuals will attend for a half-day and 15-25 individuals will attend for two days at a total cost not to exceed \$3,500.

**SUBJECT:** Appropriation Transfers and Budget Revisions Summary

**BACKGROUND**

While all departments attempt to project their expenditures accurately, situations occur that make it necessary to submit appropriation transfers and budget revisions. Many times, an amount is budgeted, but the specific areas of expenditures are not determined until a later date. In these cases, the funds are then revised to the specific accounts.

**ANALYSIS AND FISCAL IMPACT**

Pursuant to the California Code of Regulations, Title 5, Sections 58307 and 58308, transfers of funds from the reserve for contingencies to any expenditure classification or between expenditure classifications and budget revisions can be made at any time with approval of the Board of Trustees. Any transfer from the reserve for contingencies to any expenditure classification must be approved by a two-thirds vote of the members of the Board of Trustees.

**CONSENT**

**SUBJECT:** 2011-12 Nonresident Tuition Fees

**BACKGROUND**

Education Code Section 76140 requires each district's governing board to establish its nonresident tuition fee no later than February 1 for the succeeding fiscal year. Education Code Section 76140(e) enumerates options for a district to choose in setting its nonresident tuition fee. These options are: allowing a college to charge its actual computed cost, using a statewide average amount provided by the Chancellor's Office; or charging up to the level of any contiguous district. According to our calculations, the fees proposed by our contiguous districts, and the statewide average, we are recommending a charge of \$183 per unit, which is the District's actual computed cost.

In addition to the nonresident tuition fee computed as specified above, Education Code Section 76141 authorizes community college districts to charge nonresident students an amount not to exceed the amount that was expended by the college for capital outlay in the preceding year divided by the total full-time equivalent students. This has been calculated by a formula that would allow us to charge an additional \$34 per unit. Although, the College is recommending that we charge \$31 per unit at this time in order to remain aligned with our neighboring districts. The total nonresident tuition rate proposed for 2011-12 would remain at \$214 per unit, which is the same fee charged for 2010-11.

**ANALYSIS AND FISCAL IMPACT**

State law allows colleges to charge either the actual cost (which for Mt. San Antonio College is \$183), the statewide average (which is \$176), or a rate up to any contiguous district. The rates for districts surrounding Mt. San Antonio College are as follows:

<i>District</i>	<i>2010-11 Nonresident Fees</i>	<i>Proposed 2011-12 Nonresident Fees</i>
<i>Citrus</i>	$\$189 + \$31 = \$220$	$\$177 + \$43 = \$220$
<b><i>Mt. San Antonio</i></b>	<b><math>\\$183 + \\$31 = \\$214</math></b>	<b><math>\\$183 + \\$31 = \\$214</math></b>
<i>Chaffey</i>	$\$183 + \$30 = \$213$	$\$183 + \$30 = \$213$
<i>North Orange County</i>	$\$183 + \$20 = \$203$	$\$183 + \$25 = \$208$

**DATE:** January 26, 2011

**ACTION**

**SUBJECT:** Nominations for California Community College Trustees Board of Directors

**BACKGROUND**

In accordance with the California Community College Trustees (CCCT) Board of Directors election process, community college district board nominations for vacancies on the CCCT Board of Directors are to be received by the League Office from January 1 through February 15, 2011. Community College Boards which are members of CCCT are eligible to nominate. The election of members of the Board of Directors will take place between March 10 and April 25, 2011. The CCCT Board of Directors is a 21-member Board and generally meets five times per year. Each year the Board of Trustees discusses this process and decides whether or not it wishes to nominate a Trustee. Members whose terms end this year are: Kay Albiani, Laura Casas Frier, Mary Figueroa, Paul Gomez, Bill McMillin, Georgia Mercer, Ed Ortell, and Luis Villegas. (Note: Albiani, Mercer, and Villegas are unable to seek reelection due to three-term limit.)

**ANALYSIS AND FISCAL IMPACT**

1. Nominations are to be made by a member district Board of Trustees; and each district may nominate only members of its Board. Each nominee must be a local community college district trustee, other than the student trustee, and must have consented to be nominated. Only one trustee per district may serve on the board. Eight persons will be elected to the Board this year. Five incumbents (elected and appointed) are eligible to run for re-election. Newly elected members will assume office at the conclusion of the annual conference, May 1, 2011.
2. The information regarding the nomination and election process has been mailed to the Board by the Community College League of California.
3. The list of current CCCT Board members is on the following two pages.
