

Search for Open Classes

Go to: clsrchprd.mtsac.edu

The screenshot shows the 'Your Class Search Dashboard' on the website. At the top, it says 'Mt. San Antonio Community College District' with the address '1100 N. Grand Ave., Walnut, CA 91789'. Below this is a navigation bar with 'View Important MtSAC Announcements'. The main content area is titled 'Your Class Search Dashboard' and includes a 'Clear All Filters' button. A 'TERM SELECTION' dropdown menu is visible, with instructions: 'Click below to select a Term... No selection means all are included in the search.' Below the dropdown, there is a section for 'Your Selected Class Schedules:' and a search bar with the text: 'You can further narrow down the results of your search here by keywords (CRN, Subject (like "BIOL - Biology" but without the double quotes), Subject Title, Instructor, Location, Units, etc.) If you have not selected anything from the main search criteria above, then you can use this search bar using precise keywords.' The search bar contains the placeholder text 'Type a keyword and press [Enter] or a comma'.

The banner features a night view of the Mt. San Antonio College campus with mountains in the background. On the left, it says 'New Class Search' and 'Mt. San Antonio College'. On the right, there is the Mt. SAC logo, which includes a torch and the text 'MT. SAC Mt. San Antonio College'.
