- Finding out if your primary care physician (PCP) is in our network.
- Ensuring any treatment you're currently getting stays on track.
- Using the custom website to help manage your health.
- Earning rewards for working to improve your health!

Why Choose Health Net?

Health Net is health coverage you can count on. We have helped Californians through various stages of life for more than 45 years. It's what we'll continue to do.

We believe every person deserves a safety net for their health. A person's age, income, job status or current state of health doesn't matter. This idea helps us make it easier for you to get important health care benefits and services. And you can get them where and when you need them.

5	You can change your PCP as often as once a month.
6	No claim form filing (except emergency out-of-network care).
