Relationship to Nominee: co-worker

Nominee

Name: Melissa Berkley
Department: Technical Services
Phone Extension: 5621

Comments about Nominee:

While not in the public eye day to day, Melissa Berkley's impact has a far reach. Her work in broadcast and video production has fruited many pieces of work that exemplify the great work done here at Mt. SAC and are also used in the classroom. Additionally, several large scale events on campus such as commencement and the Mt. SAC Relays would not be as successful without her talents and ability to be a team player. Melissa goes above and beyond to assist managers, her fellow Classified Staff as well as Students, makes it seem effortless, does it with a smile and often makes others smile; she is one of the Campus' unsung heroes. Having been a Mt. SAC Student and now with 15 years of service to the campus community, Melissa is definitely deserving of the College Champion Award.
