

MT. SAN ANTONIO COLLEGE

BIDDER'S PRE-QUALIFICATION PACKAGE Projects Greater Than \$200,000

REQUEST FOR PREQUALIFICATION OF BIDDERS

(Public Contract Code Section 20651.5)

Prime contractors wishing to bid projects greater than \$200,000 at Mt. San Antonio College must fully complete this application and provide all materials requested herein. The contractor's pre-qualification status will remain current for 12 months from the notice of qualification, and its public works rating, or financial rating may be updated at any time. The contractor will receive advance notice from the District of upcoming projects for which it has been deemed prequalified to bid, and may choose to bid any or all of the projects for which it is prequalified.

Answers to questions contained in the attached application are required, including a complete statement of prospective bidder's financial ability and experience in performing public works. These documents will be the basis of rating bidders in respect to the size and scope of contracts upon which each bidder is qualified to bid. The District reserves the right to check other sources available.

In addition to disqualification for failure to meet the District's criteria, a Contractor may be automatically disqualified for any one of the following: (1) omission of requested information; (2) falsification of information; (3) excessive stop notices and/or prevailing wage violations; (4) debarment from the Division of Labor Standards Enforcement.

The application responses and financial statements are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. The District reserves the right to reject any and all prequalification questionnaires and to waive any irregularities in the information contained therein.

The application must be signed **under penalty of perjury** by an individual who has the legal authority to bind the contractor on whose behalf that person is signing. If any information provided by a contractor becomes inaccurate, the contractor must immediately notify the awarding body and provide updated accurate information in writing and under penalty of perjury.

SUBMISSION OF COMPLETED STATEMENTS

Email completed Contractor's Statement of Experience and Financial Condition to purconstruction@mtsac.edu (review application requirements) Confidential information can be emailed to our secure dropbox, dropbox.mtsac.edu.

Quick Check

Should I fill out this package?

The following are screening statements which should be used to determine whether or not you pass the test to require you to enter the prequalification process.

You must be able to answer “YES” to each statement below.

1. I am bidding as the prime contractor.
2. I am appropriately licensed, insured and bondable.
3. I have an audited or reviewed financial statement, (as appropriate), that is less than 14 months old.
4. I have completed at least 2 public works building projects within the last 5 years. (Public Works is defined as facilities built for government agencies including school districts, special districts, local, county, state and federal agencies requiring prevailing wage rates paid to workers.)
5. I am eligible to bid a Public Works contract as per Section 1777.1 of the Labor Code.

If you can answer yes to all of the above statements, please proceed with submission Pre-qualification application.

DISTRICT PREQUALIFICATION STANDARDS

Only one copy of the prequalification is required to be submitted. A new and current submittal shall be required each year. Additionally, the District may, at any time, specifically request a new statement, in which case, the Contractor must comply within thirty (30) days, or the rating on file may, at the discretion of the District, be considered expired. A contractor may also file new statements at more frequent intervals if there is substantial change in the Contractor's financial status, and a new rating based on the latest statement will be issued. In no case will prequalification remain in effect longer than 18 months from the date submitted by the contractor for review. The following items must be provided or the qualification submittal will not be accepted.

FINANCIAL INFORMATION

A. *Audited & Reviewed Statement Requirements*

Reviewed or audited statements will be required for projects under \$15 million.

Audited statements will be required for all construction projects totaling \$15 million or greater.

Note: A compilation is **not acceptable**. A Compilation is financial statements prepared by an accountant based on the amounts provided by a client. The accountant **does not review or audit** the amounts provided and therefore does not provide any assurances regarding the validity of the amounts.

B. *Financial Capacity*

Prospective bidders will be prequalified to bid on projects up to a maximum dollar amount based on the lesser of ten times working capital (current assets less current liabilities) or ten times net worth (total assets less liabilities) whichever is less. Financial rating may be augmented by submission of a Letter of Bank Credit on the form included in pre-qualification application, section 7. Particular attention is called to the fact that the certificate of the certified public accountant or licensed public accountant must express an unqualified opinion or a qualified opinion which does not negate an opinion on the statements as a whole in order to receive a "financial capacity" qualification. Note: Statements with a "negative quick asset" amount may not be augmented.

Working capital and net worth are important factors in determining the bidding capacity of a Contractor; therefore, the accountant must furnish, by a supplementary schedule or as a part of the accountant's certificate, any information not specifically called for by the statement which, in the accountant's opinion, might properly be taken into consideration.

In the event that the Contractor's job income and expenditures are accounted on a completed contract basis and the balance sheet includes an item reflecting the excess of costs to date over billing to date, or vice versa, the elements of "Accumulated Cost" and "Billings to Date" must be shown in support of the balance sheet item.

C. Accountant's Certificate and Release

The certificate of a licensed Certified Public Accountant will be required in all cases. The forms of certificate for both an audit and a review are included in pre-qualification application, section 7. Use whichever is appropriate to your submittal. It will be acceptable for the accountant to submit a certificate in the accountant's own words. However, such qualifications shall not be so extensive as to nullify the value of the statement or its usefulness to the District.

Accountant's Release Letter will be required. The responsible accountant must verify the validity of the applicant's financial statement. Use the form included in pre-qualification application, section 7.

D. Term of Financial Statements

A Contractor's financial information is valid until the date shown is more than one year old. Statements will be held on file until the financial information is 18 months old at which time it will be destroyed. The District reserves the right to reject statements in which the financial information is more than six months old. All applicable portions of the form should be completed with schedules attached if the space provided does not suffice.

PUBLIC WORKS REQUIREMENTS

Projects estimated at less than \$15,000,000 require the successful completion of at least two public works projects with an actual cost of construction totaling 75% cumulative average, completed in the State of California in the past five (5) years.

Projects estimate at \$15,000,000 or greater require the successful completion of at least two public works projects with an actual cost of construction totaling 50% cumulative average completed in the State of California in the past five (5) years. For example - Project 1 contract value of \$1,627,511 plus Project 2 contract value of \$1,437,026 equals an average contract value of \$1,532,269. Take this value multiply by 1.33 (allowing for a growth factor) reaches the sum of \$2,037,917. This figure is rounded to the nearest \$100,000 for a rating of \$2,000,000. This process only obtains the Public Works Rating and does not necessarily set the final rating.

INSURANCE

A minimum combined comprehensive single limit liability insurance of \$2,000,000 or an amount equal to or greater than the coverage as identified in the District's bid documents is required. A Certificate of Insurance must be issued to Mt. San Antonio College which states levels and dates of coverage.

BONDABILITY

The bonding surety is required to be an admitted surety in the State of California with an A- rating or better. The surety will be contacted to confirm willingness to bond to a particular limit. It is required that the contractor include a **letter of bondability** from the surety indicating its support levels.

In the event that the contractor is unable to obtain a letter of bondability in the time prescribed by the District, the Contractor may be suspended from the qualified contractors' list and not be allowed to bid on District projects until proof of bondability is provided.

AFFIDAVIT

An affidavit as to the veracity, accuracy and completeness of the Prequalification Application being submitted must be completely executed by an authorized agent of the company. Use the form included in the pre-qualification application, section 8.

NOTIFICATION OF PREQUALIFICATION RESULT

Completed prequalification forms should be submitted 30 days prior to bid, or as advertised. *(All in accordance with Public Contract Code 20651.5)* Contractors will be notified of their prequalification rating as soon as possible via email, but not later than 24 hours prior to bid opening.

PROCEDURE FOR APPEAL OF PREQUALIFICATION RESULTS

If the contractor chooses to challenge a disqualification, the contractor shall request a hearing by providing a written request within two (2) working days after notification of disqualification. The written request shall set forth in detail all grounds for the request including without limitation all facts, supporting documentation, legal authorities and arguments in support of the grounds for the request; any matters not set forth in the written request shall be deemed waived. All factual contentions must be supported by competent, admissible and creditable evidence.

The District shall establish a committee for the hearing to review the facts and reconsider the disqualification. The committee shall render a final and binding decision within five (5) working days of the hearing.

If a clerical error, or an error of omission, is discovered after a contractor is notified of the review committee's results, the contractor may submit the additional information for final consideration by the committee.

District counsel may be in attendance or on call during the appeal. The contractor or his/her representative is invited to appear in person to bring before the committee any additional or new information. The committee advises the contractor on the points where its rating has fallen below required limits, and allows the contractor to speak to the issues. The contractor is then released from the meeting and the committee members come to consensus on whether or not to allow the contractor to prequalify. The contractor is emailed notification of the committee's decision at least 24 hours prior to bid opening.
