

AMERICAN LANGUAGE COMMUNICATION ENGLISH

About Our Program

Who we are...

Learn the English skills you need to succeed in college or at work. American Language (AMLa) helps our students learn how to read, write, listen, and speak in English. In AMLa classes, you can earn college credit as an English Language Learner. Often, international students, ESL graduates, and English Language Learners grow in our courses and do well beyond. You can take the classes you need or earn a certificate (or two or three)!

"As an English learner I harvest my challenge outcome, and all learning projects, papers, and study trails push me to transform to a higher level."

American Language Certificate

American Language Communication for English Language Learners (Certificate M0860)

The American Language Communication for English Language Learners certificate provides students with evidence of speaking and listening fluency. The certificate courses maximize communication skills for successfully navigating the community, the workplace, and student coursework at Mt. San Antonio College.
