On-the-Job Training

Julio A.

- Working full-time
- Part-time student
- Seeking to complete Construction Degree
- Needed 6 units of discipline electives

Work Experience would have added another semester till graduation.
Faculty suggested CPL portfolio of not-for-credit certificates and skills verification from employer.

❖ Julio graduated immediately upon completion of his final GE coursework.

Transcription Completed Summer, 2025

Rocio Garcia

Thanks to CPL, Rocio is now a full-time tenure-track professor at West Los Angeles College.

Starting in adult school, Rocio later received 16 units of credit for her California Registered Dental Assistant certification. This enabled her to complete a Bachelor's in Science in Dental Hygiene (BSDH) a semester early and saved her the all the costs associated with full-time studies. It also allowed her to meet minimum qualifications for her current position and start earning earlier than she would have otherwise.

And the kicker: Rocio completed her Master's Degree in Education in spring 2025! Adult School to Masters—Ms. Garcia's opportunities are now endless.

EMS Corps

5-month intensive EMT Licensing program for youth (18-24) who experience significant barriers. It provides stipends, counseling and mentoring, and job placement and has an 85% success rate.

Until this year, EMS training was offered through ROP, adult education, and private training agencies and students had no pathway to college.

The program has now expanded to 10 CCC credit sites through Instructional Service Agreements (ISAs) and has scaled nationally to 16 sites total.
