Dr. Beta states, "everyone is valued and on an equivalent level in my classes. Treat every person in the room with civility and as you would appreciate being treated. Every individual is part of my team; I want you all to succeed" (Meyer, Spring Syllabus 2020).

She will provide the students all the help they need to succeed in the class. The resources include, but are not limited to access to websites, outside resources, practice packets, printed materials, and most importantly bootcamps to review the subjects more. Dr. Beta is also a donor of the Mt. SAC Scholarship Program. It is thanks to the contribution from individuals like Dr. Beta do to our scholarship programs that students of color, undocumented, low-income, single parents, veterans, and non-traditional students are able to pay for their education and course materials. Professor Meyers has also not only supported our Veteran's Center on campus, but she has literally fed an army by providing snacks and food to our veterans.

**Whereas:** Professor Beta Meyers has always supported Associated Students events by promoting them to her students and via email, as well as encouraging and supporting current and future student leaders. She has also been a professor to the past, current, and will continue to be for our future A.S. officers.
