

Associated Students

Resolution 02-2223

Author: John Uy Signature: *John Uy*

Co-Author: Valerie Menna Signature: *Valerie Menna*

Subject: STEM Murals Resolution Date: September 26, 2022

Whereas: This is a project being promoted by the Mt. SAC Faculty to paint murals throughout the Natural Sciences Buildings 7, 11, 60, and 61. These murals will depict and promote People of Color and Women in STEM-related fields doing different jobs that are found within those professions.

Whereas: This resolution hopes to raise awareness to the inclusiveness that faculty wants to promote for all students studying under the Natural Sciences division. By obtaining the support of the students through petitions and vocalized support, these murals will appear throughout the aforementioned Natural Science buildings as a form of empowerment and motivation for students. The timeline for this project is to hopefully have the murals completed by the end of the Fall 2022 semester.

Whereas: Associated Students strives to support the development of the student body, these murals support the priorities of Co-Curricular Engagement while building Diversity, Equity, and Inclusion through the appearance of People of Color and Women in the STEM fields where it has been accustomed to be a restricted labor force that mainly prioritized a male-dominated field and being exclusive to marginalized or disadvantaged communities.

Whereas: By having these different walks of life be represented doing jobs within the STEM field, these murals hope to inspire the next generation of STEM professionals.

Therefore: Be it resolved, that the A.S. Senate, the A.S. Executive Board, and the A.S. President approve STEM Murals Resolution.

A.S. Senate

For: Unanimous Against: Abstain: Date: 10/18/22

A.S. Executive Board

For: Unanimous Against: Abstain: Date: 10/18/22

A.S. President

Approve Veto Signature: *Andra* Date: 10/19/22
